

Only participants in DeltaCare HMO need to identify a provider in Workday

SEARCH FOR A DENTAL PROVIDER

1. Log onto www.deltadentalins.com
2. On the Delta home page, scroll to the “Find a Dentist” box

The screenshot shows a search form titled "Find a Dentist". It includes a section for "Enrollees" with a link to "Log in to Online Services to find a dentist". Below this are three input fields: "Location:" with a placeholder "Address, ZIP or City, ST"; "Select Network:" with a dropdown menu currently showing "DeltaCare USA"; and "Dentist, Practice or Keyword:" with a placeholder "Name, Practice...". A "Search" button is located at the bottom of the form.

Enter your location

Choose the DeltaCare USA network

Optional: Enter the dentist name here to see if they are in the network

3. Once you find your provider, write down the **Office/Facility Number: XXXXXX**
4. Use this number to enter into Workday when asked for your dental provider.

TIPS!

You and your enrolled dependents can each have a different provider as long as the provider is in the network.

After you are enrolled, you can make changes to your provider but must contact Delta directly.
