

GROSSMONT-CUYAMACA
COMMUNITY COLLEGE DISTRICT

Dear Parent or Guardian,

Congratulations! Your son/daughter has successfully completed a class that is articulated with Grossmont-Cuyamaca College (GCCCD). This means that his/her high school class has been determined to be comparable to a college level course offered at GCCCD and they are now eligible to receive free college credit! Benefits of your son/daughter participating in an articulated class include:

- Saving money on tuition, fees, and books
- Reducing duplication of instruction and boredom in non-challenging classes
- Becoming motivated and confident to continue their college education
- Improving career readiness

In order to receive college credit for an articulated class, students must

1. Complete the "Student Petition for Articulated Credit" form included with this letter
2. Ask an official high school representative (registrar, counselor, or teacher) to submit the form to the CTE Transitions staff at Grossmont or Cuyamaca College at ctecollegecredit@gcccd.edu.

If you have any questions or concerns you may contact your son/daughter's teacher.

Thank you,

Leslie Blanchard
CTE Support Specialist
Grossmont College

Kate Miller
CTE Transitions Specialist
Cuyamaca College
