## INDEPENDENT AUDITORS' REPORT

We have audited the accompanying basic financial statements of the Grossmont-Cuyamaca Community College District Auxiliary Organization (the Organization) (a California nonprofit corporation) as of and for the year ended June 30, 2008, as listed in the table of contents. These basic financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2008, and the respective changes in net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2008, on our consideration of the Organization's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise Grossmont-Cuyamaca Community College District Auxiliary Organization's basic financial statements. The other supplementary information listed in the table of contents, including the Schedule of Expenditures of Federal Awards, which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

**NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES**

The significant policies followed by Grossmont-Cuyamaca Community College District Auxiliary Organization (the Organization) are described below to enhance the usefulness of the financial statements to the reader.

***Organization***

The Organization, a non-profit organization, was incorporated in the State of California on March 1, 2000. The Organization was formed for the purpose of promoting and assisting the Grossmont-Cuyamaca Community College District (the District) in accordance with the mission, policies, and priorities of the District as administered by the District Chancellor. The Organization is authorized to operate as an auxiliary organization of the District under the provisions of Article 6 of Chapter 6 of Part 45 of the Education Code and, although a separate Board of Directors presides over the Organization, the District's Board of Trustees approves the operations. As such, the Organization is considered a component unit of the District under provisions of Governmental Accounting Standards Board (GASB) Statement No. 39. The financial statements of the Organization are presented discretely from the District.

***Basis of Accounting***

The financial statements of the Organization have been prepared on the accrual basis of accounting. The statement of activities is a statement of financial activities related to the current reporting period. Using this method, revenues are recognized when earned, and expenses are recognized when incurred.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the reporting date and revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

***Cash Equivalents for Statement of Cash Flows***

For purposes of the statement of cash flows, the Organization considers all highly liquid investments purchased with an initial maturity of six months or less to be cash equivalents.

***Donated Services and Materials***

The Organization records the value of donated services or material when there is an objective basis available to measure their value. No amounts have been reflected in these financial statements, as no objective basis was available to measure their value as required by Statement of Financial Accounting Standard (SFAS) No. 117. Nevertheless, a substantial number of volunteers have donated their time and services to the Organization.

**NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

*Equipment*

Property and equipment purchased by the Organization for use in daily operations is stated at cost. The Organization's policy is to capitalize all additions greater than \$5,000, if purchased with non-contract funds. Depreciation is provided over the estimated useful lives of assets, which range from five to ten years, using the straight-line method. Equipment purchased for use with Federal or State categorical funds are passed through to the Grossmont-Cuyamaca Community College District and are restricted as to use within the specific programs.

*Income Taxes*

The Organization is a charitable, not-for-profit, tax-exempt organization qualified under provisions of Section 501(c)(3) of the Internal Revenue Code and corresponding California provision. Accordingly, no provision for income taxes has been provided in the financial statements. The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a). The Organization annually files information returns (Forms 990, 199, and RRF-1) with the appropriate agencies.

*Contributions*

The Organization reports gifts of cash and other assets as restricted contributions if they are received with donor stipulations that limit the use of the donation to a specific time, even, or other criteria. When a donor restriction expires, the time ends, or the purpose is accomplished, temporarily restricted assets are reclassified as unrestricted assets and reported in the statement of activities as net assets released from restrictions. During the year ended June 30, 2008, donations in the amount of \$864,897 with donor restrictions were received.

Contributions received without explicit donor restrictions are reported within the unrestricted net assets.

**NOTE 5 – RESTRICTIONS ON NET ASSETS**

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Temporarily restricted net assets at June 30, 2008, are available for the following purposes:

California Dental Association	\$ 21,958
California Wellness Foundation	16,592

Other	23,643
Total	<u>\$ 312,322</u>

**NOTE 6 – RELATED PARTY TRANSACTIONS**

The Organization receives financial support for various programs through categorical allowances from Grossmont-Cuyamaca Community College District. During the year ended June 30, 2008, these allowances totaled \$6,074,057.

The Organization awards and provides support for various programs of Grossmont-Cuyamaca Community College District. During the year ended June 30, 2008, the Organization transmitted payments along with purchased assets to the Grossmont-Cuyamaca Community College District in the amount of \$6,075,663.

The Grossmont-Cuyamaca Community College District advances funds to the Organization based on the accounts receivable balance due to the Organization by the Grossmont-Cuyamaca Community College District. This process assists the Organization in meeting its cash flow needs. As of June 30, 2008, the Grossmont-Cuyamaca Community College District advanced \$550,000 to the Organization. This advance is recorded in the statement of financial position as “Due to Grossmont-Cuyamaca Community College District.” Additionally, as of June 30, 2008, the Organization maintained an accounts receivable balance with Grossmont-Cuyamaca Community College District of \$1,803,885 relating to the Organization’s Federal and State categorical programs.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of Grossmont-Cuyamaca Community College District Auxiliary Organization (the Organization) as of and for the year ended June 30, 2008, and have issued our report thereon dated October 27, 2008. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Grossmont-Cuyamaca Community College District Auxiliary Organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Organization's financial statements that is more than inconsequential will not be prevented or detected by the Organization's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be presented or detected by the Organization's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board, management, the California Department of Education, the State Chancellor's Office, and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

### Compliance

We have audited the compliance of Grossmont-Cuyamaca Community College District Auxiliary Organization (the Organization) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major Federal programs for the year ended June 30, 2008. The Organization's major Federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major Federal programs is the responsibility of the Organization's management. Our responsibility is to express an opinion on the Organization's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with those requirements.

In our opinion, the Organization complied, in all material respects, with the requirements referred to above that are applicable to each of its major Federal programs for the year ended June 30, 2008.

## Internal Control Over Compliance

The management of the Organization is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to Federal programs. In planning and performing our audit, we considered the Organization's internal control over compliance with requirements that could have a direct and material effect on a major Federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A *control deficiency* in an organization's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the Organization's ability to administer a Federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a Federal program that is more than inconsequential will not be prevented or detected by the Organization's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a Federal program will not be prevented or detected by the Organization's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board, others within the entity, the California Department of Education, the State Chancellor's Office, and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

<i>Finding 2007-1: Federal Expenditures (Salaries)</i>	Internal controls are not in place to ensure employees are updating their certification of time working on Federal programs.	50000	Establish written policies that support the Organization's interpretations of the applicable requirements. Employees charged to the grant need to certify that their time is being charged to the appropriate grant as required by Federal guidelines.	Implemented fully in 2007-08
<i>Finding 2007-2: Sub-Recipient Monitoring</i>	The Organization has not maintained internal controls necessary to ensure proper revenue recognition and reporting requirements of sub-recipients.	50000	Ensure that all subrecipients report program revenues as from Federal sources in order for subrecipients to obtain potential Single Audit coverage for the Federal award passed through from the Auxiliary.	Implemented fully by October 2008
