GOVERNING BOARD RESOLUTION FOR EMERGENCY WAIVER – Cuyamaca College, Building K
Grossmont-Cuyamaca Community College District
Resolution 21-016

On Motion of Member Debbie Justeson, seconded by Member Elena Adams, the following resolution is adopted by the Governing Board of the Grossmont-Cuyamaca Community College District:

WHEREAS, immediate action needs to be taken to repair the existing auto lifts located in the automotive program (Building K). In order to meet student needs and support student learning and success, Cuyamaca College must offer automotive and learning support services at a consistent level of quality as previous semesters. It was discovered that the existing auto lifts (total of 7) were installed without proper review of the Division of the State Architects (DSA). This challenge poses a risk to the automotive program as the faculty and students need the auto lifts for the required coursework; and

WHEREAS, ensuring the safety of our students and faculty, the auto lifts are out of commission and not in use at this time. The team has been working with DSA, architectural and structural engineers on seismic testing, and a retrofit designer, which the District hopes to receive approval in approximately three to four weeks. The auto lifts must be properly designed, constructed, inspected and approved by DSA before they can be used by faculty, staff and students.

WHEREAS, Public Contract Code section 20113 (school districts) / 20654 (community college districts), as further defined by Public Contract Code section 1102, provides that school districts/community college districts may, with the unanimous approval of the governing board and approval of the county superintendent of schools, contract for the performance of labor and purchase of materials without advertising for or inviting bids in an emergency when such work is necessary to permit the continuance of existing school classes or to avoid danger to life or property;

NOW THERFORE, be it resolved that the Governing Board of the School District has determined that these circumstances constitute an emergency condition and request approval from the county superintendent of schools to enter into any contracts necessary to repair the Cuyamaca College Building K auto lifts without advertising or inviting bids pursuant to Public Contract Code section 20113 (school districts) / 20654 (community college districts) and Public Contract Code section 1102.

PASSED AND ADOPTED by unanimous vote of the members of the Governing Board of the Grossmont-Cuyamaca Community College District this 14th day of September, 2021 by the following vote:
